Date:				Measured by:				
Officer Name:								
Badge/ID#:				Phone:				
Department/Agency:								
Shipping Address:								
City:				ST:		Zip:		
Distributor:								
Height:	ft.	in.	Weight			lbs.		

IMPORTANT:

DUTY PANTS AND DUTY BELT MUST BE WORN TO ENSURE AN ACCURATE FIT.

Bra Size: Cup Size:

1. WAIST: With officer **STANDING** with arms at side, measure around the her' waist at its widest point. This is generally 2" above the duty belt or along the navel line. It is extremely important to have a relaxed stomach for the most accurate measurement.

WAIST MEASUREMENT: in.

2. BUST: With officer **STANDING** in front of you and facing away from you, have her place the tape measure across the fullest part of her breasts and then ask her to drop her arms to her sides in relaxed position. Take measurement from the back.

BUST MEASUREMENT: in.

3. FULL CHEST: With officer **STANDING** in front of you and facing away from you, have her place the tape measure across her chest just below her breasts. Ask her to drop her arms to her sides in relaxed position. Take measurement from the back.

FULL CHEST MEASUREMENT: in.

4-5. APEX TO APEX: With officer **STANDING** and with arms relaxed at her sides, measure from center of the right breast to the center of the left breast. Keep the measuring tape straight. Record measurement.

APEX TO APEX: in.

4-6. APEX DUTY BELT: With officer in relaxed **SEATED** position, measure from the apex (center of breast) straight down to the top of the duty belt. Keep the tape straight and ensure that the front panel bottom edge will not compromise the accessories of the officer's duty belt. Record measurement.

APEX TO DUTY BELT: in.

7-8. FRONT LENGTH: With officer **SEATED**, measure from the clavicle "notch" point down to 1" above the top of the duty belt. Keep the tape straight and ensure that the front panel bottom edge will not touch the duty belt or its accessories while the officer is seated. Record measurement.

FRONT LENGTH: in.

9-10. BACK LENGTH: With officer **STANDING** with arms relaxed at her sides, locate the natural shoulder line and select a parallel point in the middle of the back. From that location, measure down to a point 1" above the duty belt equipment, ensuring that the bottom edge will not compromise the accessories on the officer's duty belt. Record measurement.

BACK LENGTH: in.
